the longest line on which he have taken the offensive since the Allies wristed the initiative from the enemy on July 18th. It extends from the Scarpe to the Somme, and at all points good progress was made. We are once more on the outskirts of Beugny, and have taken Villers-au-Floss while along the Bapaume-Pérenne road Le Transloy is once more within our grap. Between Saillisel and Péronne the enemy have been driven from St. Pierre Vasat Wood. Outside the line of yesterday's offensive, too, we have made considerable gains of ground. The retreat in the Lyssalient was continued, and our troops are reported to be in close contact with the enemy. In the Lens sector the enemy are being subjected to heavy pressure, and the for democracy. "It," said Mr.

The longest line on which he per the proper of what the Prime Minister of the support of the Strikers has been issued. This is a pick of the strikers has been issued. This is a pick of the strikers has been issued. This is a pick of the strikers has been issued. This is a ministed at inverse papers declare that the unequisocally dismined and prime propers declare that he unequisocally dismined and prime propers declare that he unequisocally dismined as impossible the idea of forming a police union, while agreeing to recognise a police enderation. On the other hand, the union is to be fully recognised, though not until after the war.

The Times published last week a representative of the strikers has been issued. This is a pick of the strikers has been issued. This is a pick of the strikers has been issued. This is a district the United States will haston to capture the mercantile supremacy of all the seas. Here Germany judges the minds of other mations by her own, and, for a police federation. On the other hand, the union is to be fully recognised, though not until after the war.

The Times published last week a repeat the union is to be fully recognised, though not until after the var.

CHOICE OF REGIMENT.

Wa are requised to state that every Irishman who enlists in t snemy. In the Lens sector the enemy being subjected to heavy pressure, and the fight for democracy. "II," said Mr. that "all man woo per same that to this area is not improbable. Yesterday British patrols to our neighbours as well as to ourselves, reached the outskirts of the town. We our own pride in the achievement will be figigade." Those men who cleen to join Colonel Lyr Brigade will be posted to, and will remain that brigade, while those who select some that brigade, while those who select some unit will not be removed from that the purpose of the control of of the co

securing possession of at least a portion

of the French coal-fields—an event which, it is worth noting, might have an appreciable effect on the tennage difficulty and specified in the tennage difficulty an Ireland.

Ireland.

In the region of the "switch" line our forces have captured Dury-Villers, Cagnicourt, Roreuil, and many other strongly fortified positions. Quéant itself, and its fall seems to be imminent. One correspondent at the front describes the day's fighting as "one of the most smashing and strategically serious blows" that the enemy have yet received, and he does not exaggerate. If our troops can consolidate the ground won and develop their offens sive still further, the whole Hindenburg from a small have the constant of th ing and strategically serious blows "that the enemy have yet received, and he does not exaggerate. If our troops can consolidate the ground won and develop their offensive still further, the whole Hindenburg line must collapse, and we shall have achieved one of the greatest victories in history. To avert that loss the enemy will make any sacrifices. That they fully appreciate the seriousness of their position is shown by the desperate defence which they offered and by the reckless counter. people was his suppression of the national curse of drunkenness. It was almost a justification of autocracy that one man, by one stroke of the pen, was able to save

appreciate the seriousness of their position is shown by the desperate defence which they offered and by the reckless counterattacks that they launched during the day in the attempt to stop our progress. They are in this difficulty, however—their forces are rapidly diminishing, and, if they withdraw troops from any other part of the front, they will simply invite Marshal Foch to strike at the weak point. What move will the enemy make if our attack astride the Arras-Cambrai road develops as we hope! Will they be compelled to evacuate the Hindenburg line and to fall back on the Roubaix-Valenciennes—Mecieres-Verdun line, and thus sacrifice Lille and Douai, the heart of industrial France! The Military Correspondent of The Times puts forward the suggestion that, in preparation for such a situation is that which now threatens them, the German High Command may have constructed a new line behind the Quéant positions. The situation is that which now threatens them, the German High Command may have constructed a new line behind the Quéant positions. The situation is that which now threatens them, the German High Command may have constructed a new line behind the Quéant positions. The situation is that which now threatens them, the German High Command on a straight line to Marcoing, near Cambrai. The alternative to that is a relreat to the line through Valenciennes. Such a retreat would require freedom of

the Allied progress LONDON CORRESPONDENCE.

shipping. They must try to offset the shortage by using their ships, in close coperation, with the utmost economy and forethought. This was the burden of Lord Robert Cecil's statement yesterday at the end of the sittings of the Allied Maritime Transport Council; but we think that his most important remark was concerned with the future rather than with the present. He expressed his hope that the Council's machinery would last beyond the war. In this and in the other pooling schemes he found a promise of the creation

Colonel Sir John at a meeting in Omagh, at which to a manufacture of the recruiting scheme for the North West area.

Major J. E. Gunaing explained the arrange ments for the area, and and that they wanted to impress upon the people that if they would not columners for the area, and and that they wanted to impress upon the people that if they would not volunteer they would undoubtedly be taken, and also this other fact: that by one party holding back they could not enforce conscription on the other. Even if all the Nationalities volunteered from that area there would not be sufficient to make up the quota, and the same remark applied to the Unionists. By ioding lack, therefore, nothing could be gained, and by volunteering now they got the choice of units. They wanted 5,700 men for that trea, but if these were not forthcoming probably the first of the control of the

War Investments

At the present time, with Income Tax at 6/- and Super-tax at 2/-, a large investment paying 6%, gross only yields £3:12s.

For large incomes, we call attention to the value of

a New War Bond Scheme which yields 5% compound interest, free of income tax

Under this scheme the purchase of War Bonds is spread over nine years, and the total amount of Bonds contracted for is redeemable with ful bonus on April 1st, 1928. The purchase is combined with life assurance, so that the greater portion of the instalments is relieved of Income Tax, provided they do not exceed one-sixth of the income. It is an ideal method of buying War Bonds out of income, and the investment is

plus Life Insurance without extra charge

In the event of the investor's death within the nine years, the Bonds are handed over to his representatives without further payment
